Technical drawing of a horizontal pipe with a 90-degree elbow. The drawing shows a long straight section followed by a quarter-circle bend. Key dimensions include a total length of 4960, a wall thickness of 09.2, and a bend radius of 90 degrees. The pipe is labeled DN200-SCH40. Section lines A-A and B-B are indicated at the left end. A circular detail view is shown at the far left end of the pipe.
